Changes to reporting

We are pleased to let you know that in response to parental feedback, we have modified and improved our systems for reporting to parents.

We will now provide a brief written report at three points throughout the year and of course maintain our two parents evenings per year. The timetable below indicates our reporting schedule.

October/November	Parents Evening	Face to face meeting to discuss all areas of your child's development
December	Written Report 1	Summary of your child's attainment and their next steps of learning to prioritise for the term ahead.
February	Parents Evening	Face to face meeting to discuss all areas of your child's development
April	Written Report 2	Summary of your child's attainment and their next steps of learning to prioritise for the term ahead.
July	Written Report 3	Summary of your child's attainment and progress throughout the academic year.

As always you are welcome to make an appointment with the class teacher to discuss any queries you should have throughout the year.

The written reports will be condensed but will contain:

- Current attainment levels against age related expectations
- Attendance
- Next steps - Reports 1 and 2
- Targets
- Progress across year - Report 3

We will provide a breakdown of our assessment system with report 1.

We hope that this increased frequency of reporting will ensure you feel well informed about your child's learning throughout the year.
