#### VIPERS skills ongoing throughout the year

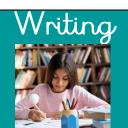

Vocabulary

Predict

Retrieve Summarise

- Read and perform poems, discussing the use of language. Discuss texts that have been read, building on and challenging ideas of
- Read a wide range of text types (myths, legends, traditional stories, modern fiction, fiction from our literacy heritage, books from other cultures and traditions), appreciating the value of genres that may not be their favourite
- Recommend to their peers, books that they have read, giving reasons for their choices and providing reasoned justifications for their views and how morals in stories can be applied to real life situations.
- Distinguish between statements of fact and opinion and evaluate the bias apparent in a piece.
- Use the contents and index pages to locate information.
- Building on their own and others' ideas and challenging views courteously
- Make comparisons within and across books including comparisons of characters. settings and themes.
- Explain how the context (cultural references and influences) in which texts are written and read contribute to meaning.

Describe characters and settings in Malamander

Write in a persuasive style -Save the Oceans!

others and using

(metaphor, simile,

analogy, imagery,

style and effect).

technical terms

Grammar Focus: subject, object semi-colon, bullet points, ellipsis

Consolidate:

Diary writing - Boy 87

Write information texts - Refugees and Migrants

- -What is a refugee v migrant
- ·Why do people migrate?
- -Changes to population patterns around the world

Write Performance Poetry - Poetry Week -Brian Bilston Refugees

-Undefeated

Incorporate extended dialogue, action and description - based on sections of the Rainplayer book

Write Newspaper reports - Mayan Discovery

Use tension and suspense in letter writing -Olive's diary (based on Letters from the Lighthouse)

Information page on Evacuation Why? Where?

How? Personal stories as text boxes.

Persuasive write of Eden Camp- Why should you visit Eden Camp?

Consolidation of all grammatical terms and punctuation

We are writers: Poetry focus

Relative pronoun Pronoun Possessive pronoun Relative clause, Parenthesis, Brackets Apostrophe, Comma	Consolidation of all grammatical terms and punctuation		Consolidation of all grammatical terms and punctuation

		History					

Our children will ask...

## Why did the Mayans build pyramids?

### Make comparisons to the Ancient Egyptians.

Identify and compare changes within and across different periods.

Understand how some historical events occurred concurrently in different locations i.e. Ancient Egypt and Prehistoric Britain.

What was happening in Europe whilst the Mayans were in power?

Make links between some of the features of past societies. (e.g. religion, houses, society, technology etc)

Know key dates, characters and events of time studied

- I. Why did the Maya build pyramids? Explore what the pyramids were like, what they were used for, how they were made.
- 2. Where did the Maya live? How were they so successful even though they lived in the jungle?
- 3. What was life like at the height of the Mayan civilisation?
- 4. How do we know what life was like 1000 years ago?
- 5. If the Maya were so civilized, why then did they believe in human sacrifice?
- 6. How can we solve the

#### Study of WW2

- Why did Britain have to go to war in 1939?
- Why was it necessary for children to be evacuated throughout the war, and what was the experience of evacuation really like?
- What was life like in Britain during the time of the war? Role of Women, evacuation, Rationing.
- Life in Nazi Germany
- What was the Holocaust?
- D-Day
- Why did people migrate to Britain during and after WW2?

https://www.keystagehistory.co.uk/keystage-2/outstanding-lessons-keystage-2/life-in-britain-1930-1945/

Order significant events, movements and dates from different time periods on a timeline using BC and AD

Identify and compare changes within and across different periods.

Evaluate how events from the past have influenced life today.

Find out about beliefs, behaviour and characteristics of people, recognising that not everyone shares the same views and feelings

Know key dates, characters and events of time studied

Consider ways of checking the accuracy of interpretations – fact or fiction and opinion Explain reasons why there may be different accounts of history

	https://			
		Science Our children will		
Find out about Living Things and Their Habitats  • Give reasons for classifying plants and animals based on specific characteristics • Describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals • Pupils might find out about the significance of the work of scientists such as Carl Linnaeus, a pioneer of classification. • Through direct observations where possible, they should classify	Discover Evolution and Inheritance  • recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago • recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents • identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution	<ul> <li>recognise that light appears to travel in straight lines</li> <li>use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye</li> <li>explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes</li> <li>use the idea that light travels in straight lines to</li> </ul>	Explore Electricity  • associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit • compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the	Investigate animals including humans  • identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood  • describe the ways in which nutrients and water are transported within animals, including humans  • recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function  • Working scientifically  Work Scientifically

animals into commonly found invertebrates (such as insects, spiders, snails, worms) and vertebrates (fish, amphibians, reptiles, birds and mammals).

Focus on animals who live in the oceans and how their lives are being impacted by humans.

Working scientifically

Working scientifically

#### Who was Mary Anning? Link to Science

Investigate own lines of enquiry by posing questions to answer, considering multiple points of view.

Use documents, printed sources (e.g. archive materials) the Internet, databases, pictures, photographs, music, artefacts, historic buildings, visits to museums and galleries and visits to sites to collect evidence about the past.

Why should Mary Anning be remembered?
What helped her to succeed as a woman in a man's world?
How do we know about Mary Anning?

explain why shadows have the same shape as the objects that cast them

Working scientifically

- on/off position of switches
- use recognised symbols when representing a simple circuit in a diagram
- pupils might work scientifically by: systematically identifying the effect of changing one component at a time in a circuit; designing and making a set of traffic lights, a burglar alarm or some other useful circuit.
- Working scientifically

- planning different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary
- taking measurements, using a range of scientific equipment, with increasing accuracy and precision, taking repeat readings when appropriate
- recording data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs
- using test results to make predictions to set up further comparative and fair tests
- reporting and presenting findings from enquiries, including conclusions, causal relationships and explanations of and a degree of trust in results, in oral and written forms such as displays and other presentations
- identifying scientific evidence that has been used to support or refute ideas or arguments

Art

Our children will

#### Improve skills in drawing.

Creates sketchbooks as reference for reviewing and revisiting ideas.

Explain the style work produced and how it has been influenced by a famous artist.

Identify great artists and how their work has impacted on art today.

Journey - Shaun Tan Study

I. Who is Shaun Tan?

## Develop skills in painting

Learn about great artists, architects and designers in history - link to America

Research artwork from different periods of history and locations and investigate similarities and differences between the technique and styles used.

## Create sculptures using clay

Sculpture - Clay Mayan Masks

Awareness of the potential of the uses of sculpture.

Learn to represent ideas and thoughts on a deeper level, using sculpture to express.

## Refine skills in drawing

Henry Moore WW2 Shelter Art I. practise pencil skills 2. analyse Henry Moore Shelter art and other examples of pencil art 3. Learn more about Henry Moore 4. Perspective and

focal points

#### Develop skills in printing.

Describe varied techniques.

Be familiar with layering prints.

Be confident with printing on paper and fabric.

Alter and modify work

2. What do his paintings/ drawings have in common?

Recap on pencil techniques from Year 5 (colour mixing, tones, tertiary colours, shades etc)

Study and evaluate the 'head' series.

Study Bluebell' and evaluate techniques. Compare to Head Wave.

Shows an awareness of how paintings are created (composition)

Use feedback to make amendments and improvements to art.

Creates shades and tints using black and white. Chooses appropriate paint, paper and implements to adapt and extend their work.

Carries out preliminary studies, tests media and materials and mixes appropriate colours.

#### Journey - what is art?

- I. What is the most expensive painting ever sold? Rank the paintings then reveal the prices (include Mark Rothko work)
- 2. What makes people choose to buy a painting?
- 3. Who was Georgia O'Keefe?
- 4. Examine examples of her work and her techniques
- 5. Learn how to use watercolours and create different colours and effects

To be expressive and analytical to adapt, extend and justify their work.

Develops skills in using clay inc. slabs, coils, slips, etc.

Makes a mould and uses plaster safely.

Creates sculpture and constructions

Journey

- I. Mayan mask mood board
- 2. Practise clay techniques score, slip, stick, smooth
- 3. Design own Mayan Masks
- 4. Make from clay
- 5. Paint

5. Create own shelter drawings using perspective

Creates sketchbooks as reference for reviewing and revisiting ideas.

Study the work of famous artists

Creates form and texture using a variety of techniques, e.g. shading.

Begins to add perspective through single focal points and horizon.

Shows a developing awareness of scale and proportion

## Improve skills in textiles.

Awareness of the potential of the uses of material.

Use different techniques, colours and textures etc when designing and making pieces of work

To be expressive and analytical to adapt, extend and justify their work.

Further develops experience in embellishing.

Applies knowledge of different techniques to express feelings and ideas.

Can work collaboratively on a larger scale.

### Design and Technology

Our children will.

Use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups.

Generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design.

Select from and use a wider range of tools and equipment to perform practical tasks accurately.

Apply their understanding of computing to program, monitor and control their products,

Upper KS2 DT Lesson Plans Digital World

#### WORLD WAR 2 AIRCRAFT

Use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups.

Select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities.

Select from and use a wider range of tools and equipment to perform practical tasks accurately.

Evaluate their ideas and products against their own design criteria and consider the views of others to improve their work.

Hepp DT website

Anderson shelters or Lighthouses - light up

#### A HEALTHY LIFESTYLE

Design a meal using high protein and carbohydrate for survival of the fittest - brand and advertise with the ingredients and the nutritional value.

Understand and apply the principles of a healthy and varied diet.

Prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques.

Understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed.

Evaluate their ideas and products against their own design criteria and consider the views of others to improve their work.

Generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computeraided design.

Mrs Fielding or Bingley Grammar

Geography
Our children will...

#### Oceans of the World (KAPOW - Why do the oceans matter?)

Locate the key features of the marine biomes.
Compare the different oceans, link to science - how are living things adapted to their environments.

Create maps of oceans. Know where the main oceans, seas of the world and trenches are and compare them.

Compare and contrast the 6 main land biomes of the world (desert, savanna, deciduous forest, rainforest, taiga and tundra).

Use the 8 points of the compass to give and follow directions using more complex maps.

Begin to use six figure coordinates to locate features on a map

Recognise and use OS map symbols and describe features shown on an OS map

Draw and use maps and plan in a range of scales

Draw plans of increasing complexity

#### AFRICA - BOY 87 Migration - KAPOW Why does population change?

Compare and contrast the 6 main land biomes of the world (desert, savanna, deciduous forest, rainforest, taiga and tundra).

Create maps using aerial photographs and satellite images.

Draw plans of increasing complexity

Use maps sites on internet.

Explain and understand trade links between countries (e.g. North America and **Africa**).

#### COUNTRY STUDY - Eritrea

Understand geographical similarities and differences through the study of human and physical geography of a region.

Explain how natural resources affected early settlements in Eritrea.

Compare and contrast the 6 main land biomes of the world (desert, savanna, deciduous forest, rainforest, taiga and tundra).

Natural resources - conflict -Africa - water - civil war

#### Find out how London was affected by the Blitz.

City study - London refer back to Year 2 learning

Draw and use maps and plan in a range of scales

Create maps using aerial photographs and satellite images.

Analyse evidence and draw conclusions e.g. field work, data on land use, comparing land use data, look at patterns and explain reasons behind it

Draw a variety of thematic maps based on their own data Independent Fieldwork Study

We are Geographers...

Can I carry out an independent fieldwork enquiry?

(kapowprimary.com)
