

PSHE

Mrs Litvinov - Year 4 class teacher - PSHE Lead

This is my thirteenth academic year as part of the Crossflatts Family. I love to see the journey that each child takes during their time at our school.

I am passionate about teaching PSHE as it helps our children and young people develop the knowledge, skills and confidence they need for everyday life.

Teaching PSHE well helps children to stay safe, maintain good health, develop strong relationships and prepare for the challenges and responsibilities of adult life. As a result, PSHE plays a vital role in supporting both personal development and educational success.

Our Vision

Our vision for our children is that they will spend their time with us developing the key skills they need for the world beyond the classroom. Crossflatts believes that all children should be equipped with the right tools to become the very best they can be.

At Crossflatts, PSHE empowers every child to become a confident, resilient, respectful and responsible member of society. Through a nurturing and inclusive curriculum, we aim to develop the knowledge, skills and attributes that enable children to thrive both now and in the future. We believe that high-quality PSHE education helps children to, build positive and healthy relationships, develop emotional literacy, resilience and wellbeing. PSHE helps children to stay safe both online and offline. It helps children to celebrate diversity and inclusion and finally make responsible and informed choices.
