

MFL

Mrs McCausland - Year 6 class teacher - MFL Lead

This is my twenty fifth academic year as part of the Crossflatts family and there's no other place I would rather be! It is a privilege to see every child flourish as they make their journey through our school.

Whilst studying French and Spanish at University I was lucky enough to spend time living in both those countries. My passion for teaching MFL stems from that time, and the feelings of excitement, wonder and possibility that travelling gave me.

MFL is not just about learning another language; it promotes intercultural understanding which is so important in today's society. There is a big wide world out there and we encourage our children to go and explore it!

Our Vision

Our vision is for the children to develop an interest in learning another language, French, in a way that is enjoyable and stimulating. We encourage children's confidence and creative skills, and wish to spark children's curiosity about language. We help children develop their awareness of cultural differences in other countries, primarily France. We embed the skills of listening, speaking, reading and writing necessary to enable children to use and apply their French learning in a variety of contexts, and lay the foundations for future language learning. We use a programme of learning called 'Language Angels' to underpin our lessons, then add our own Crossflatts magic to bring the subject to life! This includes songs, games, and creating real life scenarios such as being in a café or a shop. The highlight of the year is of course our annual Global Food Festival which is enjoyed by the entire school!
