

## Art

### Meet the Leader

Mrs Markey - Reading Specialist/KS1 and KS2 Teacher

I have worked at Crossflatts Primary since I qualified as a teacher in 2011. I began my career in Year 2 but since then I have worked across the school in most year groups. I love how Art is one of those subjects that pupils are really passionate about and when you speak to them about it, the excitement is just so evident I believe that this is because it gives them the opportunity to express themselves as individuals and they are never told that their work is wrong. It is a delight to see the pride on a child's face when their work is displayed for others to see or they are enthusiastically sharing their sketchbooks with their family. Art has the ability to bring the whole community together, offering the perfect chance to celebrate creativity.

### Our Vision

Throughout their time at Crossflatts Primary all pupils will have the opportunity to develop a range of art skills that will equip them for their Secondary School journey and beyond. Our children will take their next step having learned skills in painting, drawing, printing, sculpting and textiles. Art lessons are also the perfect chance to build and develop life skills such as confidence, resilience, critical thought and problem-solving. Our engaging art curriculum also encourages pupils to be curious and reflective whilst at the same time celebrating what they have achieved.

Listen to what our children think on the video below:
