Thursday 4th April

Hi Everyone,

A big thank you for all of your kind donations last week in supporting our Walk for Autism, we raised £331.47 whilst enjoying a gorgeous sunshine filled afternoon!

**From our PTA...**Last Friday was our last bake sale of the year from Nursery and Reception. Thank you to all who donated cakes and treats! Nursery and Reception raised a grand total of £192.62! What a fantastic amount! Thank you to everyone who has donated, bought or helped sell the cakes across all the years. There was a transition period whilst we moved over to the new PTA and we thank you for your patience with this. There will be no more bake sales now until next academic year, however we will require your fabulous baking skills again for our cake shop at Rose Day! Thank you all once again- Crossflatts PTA.

Don't forget tonight to dig out your dancing shoes for our Easter Bunny Hop Disco...

#### **Scarlet Fever**

Public Health England warns that at this time of year there is often an increase in the number of cases of scarlet fever. Usually a mild illness, it is highly infectious. Parents and carers are advised to be on the lookout for symptoms, which include a sore throat, headache and fever with a characteristic fine, pinkish or red body rash with a sandpapery feel. If signs of scarlet fever are suspected, it is important to contact local GPs or to call NHS 111.

The disease is spread by inhaling or ingesting respiratory droplets or by direct contact with nose and throat discharges especially during sneezing and coughing.

Professor Helen Stokes-Lampard, Chair of the Royal College of GPs, said: 'We have seen more cases of scarlet fever in the last few years than we've been used to – we're unsure why this is, but if a patient thinks that they, or their child, might have symptoms, then they should seek medical advice.'
