

Meet the **TEACHER**

**WE ARE THE
LIONS CLASS!**

WELCOME TO YEAR 4!

Hello!

I am so excited for our year together and can not wait to welcome you to the Lions Class! I have taught at Crossflatts for 6 years

I also look after our Science and computing Curriculum and am the Base Leader for Year 3 and 4. I absolutely love being a teacher at Crossflatts Primary School and I love all the subjects we teach, but especially science, maths, computing and PE!

We are very lucky that Mrs Brewis will be our LSA in September.

In our class, we will work hard every day to make good progress, look after each other and have fun. It is important to me that you feel safe, happy and enjoy school, I will always do my very best for you. Good relationships with families are essential to me, so your grown ups can contact me any time, to talk to me about you, your learning or anything else I need to know.

Hello! I'm
Mr Atkins

About Me!

I love; my family, friends, teaching, sports- especially cricket, golf and football.

I also really like running and keeping fit and enjoy taking photos of really cool places that I've visited. I really enjoy travelling and have been really lucky to visit some amazing places all around the world!

I'm not keen on; when people don't try their hardest, dishonesty and unfairness

MY FAVOURITE QUOTE:

"Never say never because limits, like fears are often just illusions"-

Michael Jordan
