

Create your own mode of transport using anything you have at home. Make tickets for your family to buy using real coins. Remember to check they have given you the correct amount!

How many words can you record that rhyme with car, train, boat?

The next time you take a car, train or bus journey record a list of all the things you can see from the window.

Books—

The Runaway Train, Naughty Bus, Emma Jane's Aeroplane, On the train, Duck in a Truck, The Train Ride

Play 'guess that transport!' Describe a mode of transport without naming it. However many clues you give, until the answer is guessed, is your score. Take turns and the person with the highest score wins.

Terrific Transport

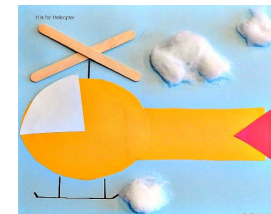

Create your own passport

Write a description of an emergency vehicle

Make your own shaker and create a transport song. Look at 'the transportation song' by the Singing Walrus on Youtube for inspiration!

Bake traffic light biscuits. Morrisons has a super recipe on their website.

Have a car race. Make a ramp by tilting a book against the sofa. Use 3 different cars. Estimate which will travel the furthest and why (is it bigger? Lighter?). Roll each car down the ramp. Measure the distances using bricks, spoons or a tape measure. Were your predictions correct?
